Petition to San Dieguito Union High School District in opposition to Oak Knoll Canyon as the site for the Bus Maintenance Facility.

We, the undersigned, are opposed to using Oak Knoll Canyon as the site for the 'Bus Barns'. This site, comprised of 10 acres of natural chaparral, is located between Sonita Dr. on the west, Ave. de San Clemente on the east, Meiba Dr. and Dean Knoll School to the south and a line extended from Requesa St. to the north. It is surrounded on three sides by long established residential areas, the fourth side is the elementary school. Its access to El Camino Real and 15 is through residential streets without sidewalks. We feel it an inconsistent use of land to place a semi-industrial maintenance and storage facility with its noise, pollution and bus traffic in the midst of residences and encourage the school district to locate a site near commercial developments that will not be as severely impacted.
