In the background, the ocean stretches to the horizon, with white waves breaking on a sandy beach. The sky is a pale blue with some light clouds. The overall atmosphere is peaceful and scenic.

A photograph of the entrance sign for Miramar National Cemetery. The sign is a long, rectangular, light-colored stone plaque with a recessed border, mounted on a wall of stacked, irregular stones in shades of tan, brown, and grey. The text "MIRAMAR NATIONAL CEMETERY" is carved in large, bold, capital letters. In the foreground, there is a landscaped area with low-lying green plants, small pebbles, and a dark, cylindrical object lying on the ground. In the background, a street with a traffic light and a "No Right Turn" sign is visible under a cloudy sky.

5 Lessons in Life from Dr. Seuss

1. Today you are You, that is truer than true. There is no one alive who is Youer than You.
2. 'Why fit in when you were born to stand out?
3. You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose.
4. Be who you are and say what you feel, because those who mind don't matter and those who matter don't mind.
5. Today I shall behave, as if this is the day I will be remembered.
